As an adoption guarantee facility, the animals in our care are free from the threat of euthanasia and are being cared for in a safe environment. The new one story building will provide the space needed to take in approximately 1200-1500 more animals per year; care for their medical needs and provide a safe place while they wait for a permanent, loving home.

17a. What are the activities and services that will be provided to meet the purpose of the funds?

Often times due to loss of income, serious medical issues or other life changing circumstances, our community residents can no longer care for their pets. We want to be that "safe heaven" for their companion animals and give them peace of mind that we will do our best to care for and find loving homes for these animals.

17b. Describe the direct services to be provided to the citizens by the funding requested.

80-100 animals are surrendered every day at Miami-Dade Animal Services alone. These animals are surrendered by citizens that can no longer care for them or they are found abandoned in our City's streets. The new building will give us the additional space needed to take in

more homeless animals and surrendered animals and provide a safe, warm place until we can find them homes. This is a great benefit not only to our residents, but businesses as well.

17c. Describe the target population to be served (i.e., "the majority of the funds requested will serve these target populations or groups").
