Other (Please describe)

14. Is the project request an information technology project?

No

15. Is there any documented show of support for the requested project in the community including public hearings, letters of support, major organizational backing, or other expressions of support?

Yes

15a. Please Describe:

Healthcare Network of Southwest Florida receives significant community support for its mission, services, and projects and continues to do so. Healthcare Network works corroboratively with numerous community providers to ensure the needs of the community. Specific documentation of community support is available upon request

16. Has the need for the funds been documented by a study, completed by an independent 3rd party, for the area to be served?

Yes

16a. Please Describe:

Healthcare Network of Southwest Florida performs a third-party needs assessment every three years to determine the needs of the community. The results of those needs assessments consistently show a need in the community for the expansion of Healthcare Network's services. In addition, Golden Gate City is a designated HPSA and local needs assessments all show Golden Gate City to be a medically under-served area.

17. Will the requested funds be used directly for services to citizens?

Yes

17a. What are the activities and services that will be provided to meet the purpose of the funds?

The funds will be used to construct a primary healthcare facility in Golden Gate City, an area in Collier County that is medically underserved. The facility will offer primary pediatric, family, dental, OB/GYN, geriatric, and behavioral health care services.

17b. Describe the direct services to be provided to the citizens by the funding requested.

The funding itself will not be used to provide the services, but it will be used to pay for part of the construction of the facility where services will be offered.

17c. Describe the target population to be served (i.e., "the majority of the funds requested will serve these target populations or groups.").

Select all that apply to the target population:
