14. Is the project request an information technology project?

No

15. Is there any documented show of support for the requested project in the community including public hearings, letters of support, major organizational backing, or other expressions of support?

Yes

15a. Please Describe:

The Town of Longboat Key and the City of Bradenton Beach has held several workshops and public hearings over the past several years to identify the concerns and solutions to address the resiliency issues. The City has worked closely with the Sarasota/Manatee MPO and FDOT on opportunities within these corridors. The Master Capital Improvement Plan was adopted by City Commission in April, 2016. Minutes of the meeting are available with the Clerk's office.

16. Has the need for the funds been documented by a study, completed by an independent 3rd party, for the area to be served?

Yes

16a. Please Describe:

FDOT has identified the physical need for reconstructing SR789; however, the limiting factor for any modifications to enhance all aspects of this corridor and provide for sufficient drainage and resiliency efforts is the overhead power. Relocating these lines to underground will enable the local government and FDOT to move forward with the other planned projects.

17. Will the requested funds be used directly for services to citizens?

No

18. What benefits or outcomes will be realized by the expenditure of funds requested? (Select each Benefit/Outcome that applies)

Benefit or Outcome	Provide a specific measure of the benefit or outcome	Describe the method for measuring level of benefit
